

Table for TBC-52RT

* R = Radius

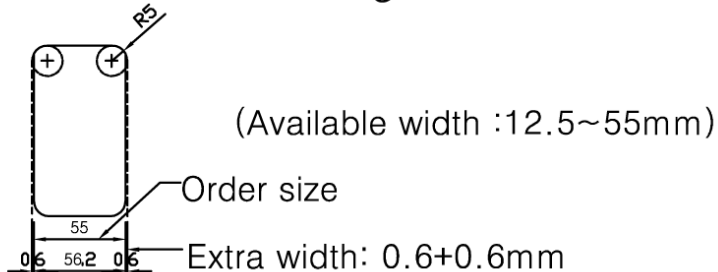

Example

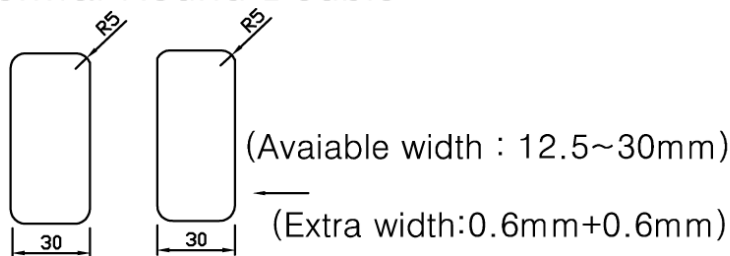

If your velcro tape is of 55mm width, we prepare knife size of 56.2mm including extra width(0.6mm+0.6mm, as shown in above image.) to cover tolerance of velcro tape. (in case of R=5mm)
So, if your velcro tape has more tolerance than above, R=3mm is recommended.

In case of R=5mm

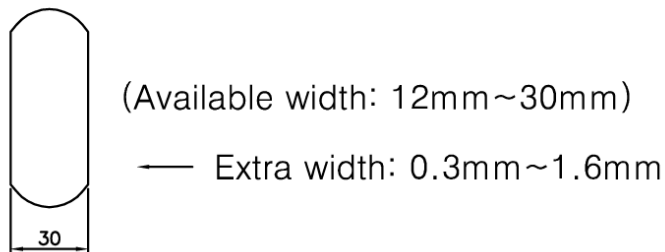

Normal Round Single

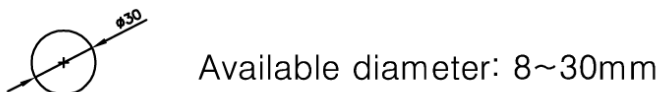

Normal Round Double

Oval Single

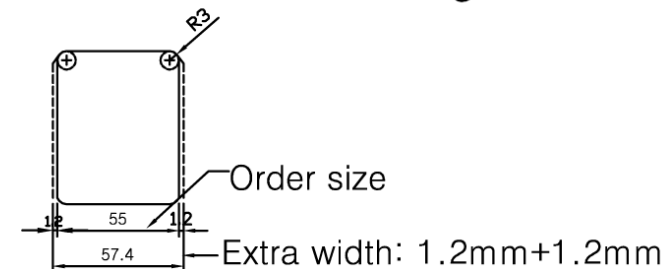

Circle Single

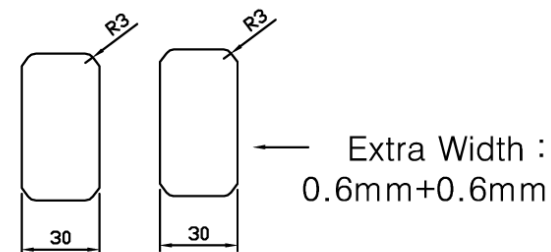

In case of R=3mm

Normal Round Single

Normal Round Double

Half Circle Single
